Product Name :
Food Auto Carton Coder for Taping Machine

Product Code :
MACHEQ-F-M9801022

Description :

Food Auto Carton Coder for Taping Machine

Technical Specification :

Capacity 20 per minute
Print Speed Friction Type
Type On Line

These Auto Coders are easy to use large character printers for on-line printing on corrugated master cartons. The message to be printed is very easily composed by just push fitting the grooved stereotypes (easily changeable) on to the groove ring drum. The inking system consists of a rechargeable ink cartridge, which can be used for porous and non-porous surfaces. When the carton passes in front of the coder, the drum rolls & the stereotypes automatically get inked & print very clearly on the substrate in one action. When the carton has passed ahead, the print drum automatically rotates back to the zero position due to the inbuilt spring action, ready for the next printing which will be from the start of the message at the same position.

Features:

- Automatic registered coding of packaging information on cartons moving on automatic conveyors or taping machines.
- A message can be composed and marked in minutes. Even unskilled worker can easily use the machine.
- It is equipped with a tension spring that returns the marker to its zero position after every stroke. In the process the type gets re-inked as it passes below the ink roller and is ready for use again.
- It is equipped with a large capacity, long lasting ink roller, which is especially formulated to release uniform quantity of ink for each impression without need for frequent re-inking.

-
- Special grooved alphanumeric rubber stereo set consisting of A to Z, 0 to 9 & symbols, all in multiple quantities & size from 3 mm. to 58 mm., for easy message composing are available. No need to maintain an inventory of stencils or pre-printed labels for your shippers.
 - Logos, emblems, monograms, composite strips, etc. can be made to order as per your design and artwork.

Printing Area	50 X 450 mm. (2 to 5 lines)
Prints using	Easily Changeable grooved rubber stereos (3 mm to 58 mm)
Inking Medium	Rechargeable high capacity porous / non porous ink cartridge
Printing Medium	Porous / Non Porous ink (Black, Red, White*, Golden*, etc.)
Impressions	1,000 per charge of 20 ml.
