Product Name :	Product Code :
Food Paper Folding Machine	MACHEQ-F-M9801059

Description :

Food Paper Folding Machine

Technical Specification :

Usage/Application   Paper Folding
Capacity   0-10 ton/day
Automation Grade   Automatic
Type   Paper Folding
Speed   0-50 meters/min

Paper Folding Machine for folding of papers upto 4 folds in 1 pass of paper upto A4 size. It has a novel design & is highly accurate & suitable for folding paper in various sizes & thickness. This machine is efficient & easily operated. It is fed smoothly & has step-less adjustment. It can be widely used in fast printing center, manufacturing plants, government organizations, etc.

Power Supply:	AC 220V/50Hz, 50 W
Paper size:	50 x 80mm / 310 x 450mm
Paper thickness:	40g / 125g
Max speed:	60m/min
Size / Weight:	1060 X 580 X 575 / 46 Kg
