Product Name :
Army Door Frame Walk Through

Product Code :
MACHEQ-A-M1901015

Description :

Army Door Frame Walk Through

Technical Specification :

We are engaged in offering supreme quality Door Frame Metal Detector to our esteemed customers. Manufactured using modern technology and high grade components by our experts, these products are assured for their high finish and durability. Moreover, they are exceedingly demanded in the industry for their functionality and efficient results.

Features:

- High efficiency
- Accurate results
- Easy to operate

Weight (Kgs)

75 Kg approx

Features

Rechargeable Batteries, Plugged in Charging, Built in Speaker

Range

2 meter, 4 meter

Metal Type

Gold, Ferrous Metals, Non-Ferrous Metals

Dimension (L*W*H)

750 x 590 x 2000 mm

Alarm Sound

YES

Arch Assembly

910 x 590 x 2170 mm

Alarm Mode

Led Lights, Sound
