

Product Name :
Army Police Riot Gear Anti Riot Armour With Stab
Resistant Shock Resistant

Product Code :
MACHEQ-A-M1601001

Description :

Army Police Riot Gear Anti Riot Armour With Stab Resistant Shock Resistant

Technical Specification :

The Police Riot Suit provides substantial protection from blunt force trauma and melee attack. The contour molded outer shell features impact ridges that disperse the brunt of the blows, while foam inner padding cushions the body. Soft brush and mesh line the inside to reduce abrasion and provide long-term comfort.

The hard shell protectors are used for covering and protecting most of the body. They are designed to withstand hard blow, and prevent penetration or stabbing by sharp tools, anti-fire and anti-acidity. The Riot Suit is currently deployed and passes the rigorous standards of our most elite law enforcement agencies, for quality, operational flexibility, protection area, energy absorbency, and flame resistance performance.

Anti riot Suit Test Features

Protect Area: 1.08m2

1. Chest, Abdomen and Groin: ?0.1
2. Back: ?0.1
3. Arms :?0.18
4. Legs :?0.30

Temperature Testing

- Performance would not be effected in circumstances of under-20° C--+55° C

Resistance Capability

1. Velcro: >7.2N/cm²
2. Buckle: >500N
3. Joints: >2000N
