

Product Name :
Food High Performance Milk Pasteurizer

Product Code :
MACHEQ-M-M11001002

Description :

Food High Performance Milk Pasteurizer

Technical Specification :

Capacity: 2000 litres
Machine Body Material: SS
Design Type: Standard
Production capacity: 0.5--50t/h
Sterilizing temperature: 85-95 degree
Heat preservation period: 15--30s
Precisely designed
Reliable operation
Smooth functioning
Production capacity: 0.5--50t/h
Sterilizing temperature: 85-95 degree
Heat preservation period: 15--30s
