Product Name :
500kVA Distribution Transformer

Product Code :
MACHEQ-P-M122001003

Description :

500kVA Distribution Transformer

Technical Specification :

500kVA Distribution Transformer
Power: 500kVA
Cooling Type: Oil Cooled
Phase: Three Phase
Output Voltage: 433 volts / 11kV
Winding Material: Copper
Input Voltage: 11kV / 33kV / 66kV
