Product Name : Single Chamber Tea Bag Packing Machine	**Product Code :** MACHEQ-F-M2621006

Description :

Single Chamber Tea Bag Packing Machine

Technical Specification :

Teabags with an individual overwrap will add appeal and value to your tea line. These tea bags include both a string and a tag.
No staples are used.
Individual overwrap tea bags are more expensive to produce than the simple "pillow style" teabag.
We offer one finished size of the overwrap tea bag (70mm x 80mm).
This automatic tea bag packing machine is our newest model, and it has features filling, heat sealing, threading, labeling, and over-wrapping functions. Meanwhile, it also has an adjustable loading system for filling different sized tea bags. Adopting sealing pads in place of the sealing rollers used in machines of previous generations, this new system greatly improves the machine's flexibility and enables the use of different packaging materials. The main materials include paper/PE, plastic/foil/PE, and plastic/PE.
Output: 105± 5bags/minute
Max. dosage: 6cm³
Bag dimensions: 62.5 x 50mm
Envelope dimensions: 80 x 70mm
Tag dimensions: 28 x 24mm
Thread length: 210mm
Power supply: AC 380V / 220V
Total power: 2.36kW
Weight: 1210kg
Overall dimensions: 1.688 x 1.33 x 2.205m
Packing: 1pc/carton

Carton dimensions: 1.84 x 1.29 x 1.89m
