Product Name :
Garage AC Gas Recovery Machine

Product Code :
MACHEQ-G-M5001001

Description :

Garage AC Gas Recovery Machine

Technical Specification :

AC Gas Charging Machine. Our air conditioning gas charging machine has different highlights, for example, elite, vitality effective, reliable, and so on. That are in charge of its wide request in the worldwide markets. We can give air conditioning gas charging machine at market leading costs.

Function :

Recovery

Vacuum

Manual oil inject

Quantitative recharge

Multifold alarm

Maintenance program

Electric scale

Parameter settings

Automatic / Manual drain used oil

Voltage: AC220V~50/60Hz

Vaccum pump: 4.5CFM / 10Pa

Compressor: 12cc

Tank scale precision: $\pm 10g$

Max pressure: 17.5bar

Display: LED
