Product Name :
Bucket Elevator for Rice Mill Machine

Product Code :
MACHEQ-A-M5351002

Description :

Bucket Elevator for Rice Mill Machine

Technical Specification :

Bucket elevator used in grain storage, grain, fodder and grease processing factories as well as in other industries for vertically lifting granular material. The equipment is featured with small volume, high lifting capacity, power saving and stable operation.

Capacity of paddy (t/h)	Width of belt (mm)	Head Pulley Dia (mm)	Power(kw)
0.8-1.2	75	180	0.75
1.2-1.5	75	180	0.75
2-3	100	140	0.75
3-4	100	180	0.75
5-7	150	200	1.1
8-10	200	240	1.1-1.5
10-12	200	260	1.5
18-20	250	260	2.2-3
20-25	250	360	3-4
40-50	300	360	4-5.5
50-60	300	400	5.5-7.5
60-80	350	500	7.5-11
