**Product Name :**  
Cement Mixer Agitator with Ground or Underground

**Product Code :**  
MACHEQ-G-M4601001

**Description :**

Cement Mixer Agitator with Ground or Underground

**Technical Specification :**

Mixer Type: Agitator  
Working: High Speed Mixer  
Stirring Type: Diving  
Application: Liquid with Suspended Solids, Powder, Viscous Fluid, Liquid, Granules  
Capacity: 500L  
Output: 1200L/min (is metered by water)  
Impeller speed: 1500rpm  
Power: 7.5KW  
Voltage: 3 phase, 380V, 50HZ  
High speed mixing  
High-efficiency (3min.)  
Simple structure, lightweight, easy maintenance.  
No wearing parts
