**Product Name :**  
Food Automatic Shrink Packing Machine

**Product Code :**  
MACHEQ-F-M8601018

**Description :**

Food Automatic Shrink Packing Machine

**Technical Specification :**

Automatic label is a newly design set. It insert the label onto the bottle surface and shrink the label properly. It is easy to operate for adopting man-machine interface.

**Trait**

The machine adopts human/ machine interface controller for user-friendly operate.

Can be use with production line

Special designed knife plate id change with the rated specifications

Convenient change of specifications with the use of tools

Forced insertion design proves reasonable and convenient. Integrates adjustment more convenient

Accommodates film paper core size 5-10

Suitable for high sensitivity optical sensor ensuring accurate length of cut.

| Capacity | Bottle diameter           | Lable insertion length                                 | Material    | In/out diameter                                                                  | Main power | Size             | Weight       |
