Product Name : Food Cut Half Juicer	**Product Code :** MACHEQ-F-M9901012

Description :

Food Cut Half Juicer

Technical Specification :

Product performance characteristics
1. This machine is suitable for continuous pressing and juice extraction of sweet orange, mandarin orange, lemon, pineapple, passion fruit and dragon fruit.
2. It combines juicing and peeling into one, does not require classification, and has high juice extraction efficiency.
3. The whole machine is made of 304 stainless steel material, which meets food hygiene standards.
4. The equipment has wide versatility and is suitable for pressing and extracting a variety of fruits.
5. The structure is special, and the amount of pulp residue on the peel can be controlled to a minimum.
6. For different fruits, the juice rate can be controlled by adjusting the spacing between the screen and the drum.
7. Easy to operate and easy to maintain.

Capacity(T/H)	Power(KW)	Dimension(mm)
1-3	3	1250x1200x1500
3-5	5.5	1550x1400x1700
5-7	7.5	1850x1600x2100
