MACHINES EQUIPMENTS	Email : sales@machinesequipments.com

Product Name : Food Vertical Sticker Labeling Machine	**Product Code :** MACHEQ-F-M9601005

Description :

Food Vertical Sticker Labeling Machine

Technical Specification :

Direction of Movement Left to Right
Output Up to 300 Label/Min
Power Supply 230 v
Phase Single Phase
Frequency 50Hz AC Supply

Mark utensil diminishes the work weight and improves the benefit of your business. The Vertical Sticker Labeling Machine by SiddhiVinayak Engineering is not expensive, henceforth they are effortlessly moderate, and they give quality labeling movement with accurate marking. Stickers are required in every single items and jug labeler can be utilized to apply labels in a wide range of jugs, for example, child pot, aroma and bottle, water and lager bottles, glass and plastic containers, and some more. Labeling process deals with basic technique that includes giving containers by means of a transport clasp, gluing and picking of labels from the mounding pot and then placing the sticker on the jugs.
Salient Features :

- S.S. 304 construction including main machine frame.
- S.S. 304 Slat chain conveyor.
- Very smooth and high speed of operation.
- On-line speed can be vary at single point.
- Accurate label placement.
- Vibration free label Roll opening unit.
- Built in AC Freq. drive system.

Built in Product counter.
Suitable for round shape container - Glass, Plastic, HDPE, Pet, Tin, etc.

Optional Features :
Label Roll Empty : Machine stop with Alarm.
Acrylic cabinet.
Missing Label : Machine stop with alarm or online pneumatic operated product rejection system.
Tower light : Indicate the status of process.
Online Printer.
Online vision inspection of printing and Batch no.Servomotor instead of stepper motor - for high speed application.

Technical Specification :
Depends on container and label size.
Specification can be altered as per customer specific requirement.
